Cameo says: *My least favorite Matrix movie, I love philosophy but this shit was so pretentious it's ridiculous. The action scene on the highway & some of the fight scenes were awesome but even that couldn't save this movie from how silly it came off when it was trying to sound smart. I had such high hopes for this sequel bc I loved the first movie so much but over all this was disappointing even if I might go back & rewatch some of the action scenes by themselves for fun.*

Excellent Great Good OK Irritating ICK!
